## Congress of The Egyptian Paediatric Surgical Association - EPSA

Jointly with  
**International Paediatric Endosurgery Group (IPEG)  
Middle East Chapter**

### Welcome Message

**EPSA**

On behalf of the EPSA organizing board, I am honored and delighted to welcome you to the 31st Congress of The Egyptian Paediatric Surgical Association – EPSA. We have chosen a venue that guarantees a successful academic meeting and we also will conduct several workshops to meet the expectations of pediatric surgeons. This meeting will also mark the first scientific activity of the Middle East chapter of IPEG, a great accomplishment for our region. There will be 5 workshops and a tutorial program followed by a three days academic congress. We will provide technical demonstrations and numerous opportunities for informal networking. Ultimately The success of any meeting depends not only on how many people who have worked in planning but also on how many will find it useful to attend and participate in it. We hope that you will enjoy the congress and spend a nice time in our beautiful city; Cairo

**President of EPSA  
Prof. Gamal El Tagy**

### Welcome Message

**IPEG, ME**

The International Pediatric Endosurgery Group (IPEG) is a truly international society where pediatric surgeons from all over the world meet to share knowledge and experience in minimally invasive surgery in children. Over the last three years, we have been working with IPEG leaders to introduce the society in the region. Our aim was to provide a means for pediatric surgeons in the Middle East to share their experience, knowledge and insight and to shine on an international scale. I personally know many great minds that only need tools and support to present what they have to the world, and it was clear to me that having an IPEG chapter in the region is the best way to achieve these goals. The Egyptian Pediatric Surgical Association (EPSA) has been the icon of the societies in the region and having our 1st Annual Meeting of the Chapter with EPSA will add value to both societies. It is my pleasure to invite you for our chapter's annual meeting that is held concomitantly with EPSA meeting on November 30 – December 2, 2016 in Conrad Hotel, Cairo, Egypt. I am confident that you will enjoy the state-of-the-art workshops and scientific sessions. I would like to thank all colleagues in the Chapter, the board members and the EPSA board members who are contributing to the success of this work. A great thanks to our IPEG leaders and executive director for their great support, and finally, no success would have been possible without the great members of IPEG-ME and EPSA.

**President of IPEG, ME  
Prof. Aayed Alqahtani**

Activity Type	Location	Date
<b>Conference</b>	<b>Cairo Conrad Hotel Downtown Cairo</b>	<b>November 30 - December 2, 2016</b>

Conference has Value of **14 CME Hours**

## About the meeting

### Language

The official language of the conference is English.

### Climate

The weather in Cairo in december is usually quite pleasant, temperature ranges from 21° C-25 °C.

### Name badges & conference material

Name badges and congress material will be provided on site to all participants at the registrati desk. All delegates are kindly requested to wear their badges during all congress functions.

### Conference abstracts

conference abstracts will be available for all registered delegates. Find yours following ([www.epsa-ipeg.com](http://www.epsa-ipeg.com))

### Congress Information & Registration Desk Hours:

- Wednesday 30 November 2016 8:30 - 17:15
- Thursday 1 december 2016 8:30 - 17:00
- Friday 2 december 2016 8:30 - 15:00

## About the meeting

### Instructions for chairpersons

1. Contact the conference secretariat if you have queries. This can be done during the conference through the information desk.
2. Please point out to the speakers the importance of keeping to the time limits.
3. Start the session on time and keep to the allotted time.

### Instructions for speakers

1. Check the time allocated for your presentation it is of outmost importance not to exceed the time limit since the program is very tight.
2. Please save your data either in CD or USB memory device and hand it to our delegate inside the session.

### Instructions for Poster Guidelines

Accepted Posters presenters are required to print out hard copy of their posters, size 100 cm length x 70 cm width . Posters will be hanged up on Wednesday November 30th Morning. The Poster walk will be in Friday December 2nd from 8 to 9 am. The best two posters will be selected for Best Poster awards. For further information please do not hesitate to contact us.

### Exhibition

The conference is accompanied by a commercial exhibition featuring exhibitors from health care industry including pharmaceutical companies, surgical equipment and devices industry

### Certificates

All registered delegates are entitled to a certificate of attendance. Certificates can be collected at the registration desk on the last day the congress upon completing the congress evaluation form
